Chapter 1 by Sam I am

Use only song lyrics! (Any song will do!)

Chapter 2 by Olivia Niedermier

Now a rainbow's tale isn't quite as nice
As the story we knew of sugar and spice
But a rainbow's easy once you get to know it
With the help of the magic of a pegasus device

Let's delve deeper into rainbow philosophy
Far beyond that of Cloudsdale's mythology
It's easy to misjudge that floating city
With its alluring decor and social psychology
But with all great things comes a great responsibility
That of Cloudsdale's being weather stability
How, you ask, are they up to the task
To which the answer is in a simple facility

In the Rainbow Factory where the clouds are made
In the Rainbow Factory where the clouds are made

Chapter 3 by Totally Chay

Day by day
We have lost our edge
Don't you know?
Forgotten is the life we led
Now it seems
You don't care what the risk is
The peaceful times have made us blind

Can't look back
They will not come back
Can't be afraid
It's time after time
Once again
I'm hiding in my room
The peaceful times have made us blind
so you can't fly if you never try
You told me,,Oh, long ago
But you left the wall
Out side the gate
So more than ever, It's real

It was like a nightmare
It's painful for me
Because nobody wants to die too fast
Remember the day of grief
Now it's strange for me
I could see your face
I could hear your voice

Remember the day we met

I could see your face

Remember the day we dreamt

It's painful for me

I could see your face

I could hear your voice

Song for the reluctant heroes

Oh Give me your strength

Our life is so short

Song for the reluctant heroes

I wanna be brave like you

From my heart

Song for the reluctant heroes

Oh Give me your strength

Our life is so short

Song for the reluctant heroes

I wanna be brave like you

Can't look back

They will not come back

But you left the wall

Out side the gate

So more than ever, It's real

It was like a nightmare

It's painful for me

~~Because nobody wants to die too fast~~

I'm not the one who's lost

I love it so change for me

Chapter 4 by -

Last night I heard my own heart beating
Sounded like footsteps on my stairs
Six months gone and I'm still reaching
Even though I know you're not there
I was playing back a thousand memories, baby

Come back, come back, come back home to me

You would, you would if this was a movie
Stand in the rain outside 'til I came out
Come back, come back, come back to me like
You could, you could if you just said you're sorry
I know that we could work it out somehow
But if this was a movie you'd be here by now

Chapter 5 by Jayde Avalon

Never thought that I'd be leaving you today
So alone and wondering why I feel this way
So wide the world
Can love remember how to get me home to you
Someday

We'll be together again
All just a dream in the end
We'll be together again

So many fears were swimming around and around in my mind
Who would have dreamed the secrets we would find

I've found a world where love and dreams and darkness all collide
Maybe this time we can leave our broken world behind

We'll be together again
All just a dream in the end

Chapter 6 by Flower234

Stitched you up, put you together
With cotton and feather

I wasn't scared
Now I'm finding knives under the sheets
Crumbled photographs of me
I'm in despair
Should I be scared?

Teddy bear, you were my teddy bear
You were comforting and quiet
How did love become so violent?
Oh, teddy bear, you were my teddy bear
Everything was so sweet until you tried to kill me

I threw you out, I didn't outgrow you
I just didn't know you
But now you're back
And it's so terrifying how you paralyze me
Now you're showing up inside my home
Breathing deep into the phone
I'm so unprepared
I'm fucking scared

Teddy bear, you were my teddy bear
You were comforting and quiet
How did love become so violent?
Teddy bear, you were my teddy bear
Everything was so sweet until you tried to kill me

I'm fucking scared

Teddy bear, you were my teddy bear
You were comforting and quiet

A steady beat goes 1, 2, 3, 4
A steady heart goes "I Love You More"
I know sometimes it's confusing
Pick out a moment when you couldn't make up your mind
And you think that your entire life is timed
You said "it's your choice" but who's choosing

You told me we were the perfect song
So I continued to sing along
But now that I know what this is all about
I'll stop talking and I'll shout

Hey! I thought we were the greatest symphony, melody, harmony
You talked about us like that, at the start
Hey! You said it's how it's supposed to be, destiny, I don't agree
You messed with my mind and tore me apart
And now it seems you've broke my heart, my treble heart

Chapter 8 by thelastunicorn

Is this the real life?
Is this just fantasy?
Caught in a landslide
No escape from reality
Open your eyes
Look up to the skies and see
I'm just a poor boy, I need no sympathy
Because I'm easy come, easy go
A little high, little low
Anyway the wind blows, doesn't really matter to me, to me

I'm not that kind of man

Pills gonna kill ya, and

Pulled my trigger now I'm free

Man, it's been just been

Mama, ooo
Didn't mean to make you cry
If I'm not back again this time tomorrow
Carry on, carry on, as if nothing really matters

Too late, my time has come
Sends shivers down my spine
Body's aching all the time
Goodbye everybody I've got to go
Gotta leave you all behind and face the truth
Mama, ooo (anyway the wind blows)
I don't want to die
I sometimes wish I'd never been born at all

I see a little silhouetto of a man
Scaramouch, scaramouch will you do the fandango
Thunderbolt and lightning very very frightening me
Gallileo, Gallileo,
Gallileo, Gallileo,
Gallileo Figaro - magnifico

But I'm just a poor boy and nobody loves me
He's just a poor boy from a poor family
Spare him his life from this monstrosity
Easy come easy go will you let me go
Bismillah! No we will not let you go - let him go
Bismillah! We will not let you go - let him go
Bismillah! We will not let you go let me go
Will not let you go let me go (never)
Never let you go let me go

Oh mama mia mama mia mama mia
Foolish club has a devilish club
For me

For me

So you think you can stop me and spit in my eye
So you think you can love me and leave me to die
Oh baby can't do this to me baby
Just gotta get out just gotta get right outta here

Ooh yeah, ooh yeah
Nothing really matters
Anyone can see
Nothing really matters nothing really matters to me
